Stageket 1000kg

Stageket Series

#SK070LV /
SK070DC

Since the 1980s, the electric chain hoists have got more and more importance for the entertainment industry. If used for simple build ups, the positioning of displays and screens or for the movement of weights during a show – the chain hoist from Liftket can fulfil all these jobs. Known for their compact design and light weight, Liftket products are the safest, smartest, and most reliable chain hoists on the market. ?They have been specially designed for the needs of the entertainment industry for the upcoming years.
