

MC400CC

Theatrical

#CD-MC400CC

Built to withstand the daily hazards of touring, the MC400CC Theatrical Motor Power Distribution is made to minimize the technical back stage area by taking only three rackmount units. The front panel is cut from a thick 3/16" aluminum sheet and is fixed to a robust steel chassis with rear support. All circuit breakers are installed recessed with the addition of acrylic spacers for protection. This type of power distribution is designed for low voltage control motors. It offers 4 separate channels over 4 Socapex 7pins. LED indicators allow quick and easy system status reading It also features an automatic phase reverse correction system for seamless operation.

Input

Connector

50A California StyleInput (CS8375)

Breaker

No

Outputs

Connectors

4x Socapex 7 pins

Breakers

2x 16A 208V Breakers (High in Rush)

Features

Control

Female VEAM 25 pins

**Phase Reverse
Correction**

Automatic

Emergency Stop

Yes

Status Indicator

Yes

**Enclosure
construction**

Robust steel housing
