

VD-313X

Theatritx

#VD313X

The Theatritx Small Pack Series was developed to fulfill the needs of small installations of rack mounted audio modules. The compact size of this two rackmount unit distribution system and its reduced depth allows it to be installed at the bottom of an amplification rack with minimal interference on internal hook-up. The front panel is cut from a thick 3/16" aluminum sheet and is fixed to a robust steel chassis. This version was specifically designed to be used with xVision Video Panels. It can be used in conjunction with the standard CD112A, LD236B or any custom built distro with TL5 30A 120/240V outputs.

Input

Connector

L21-30 Flanged Inlet

Breaker

No

Thru

Connector

No

Outputs

Connectors (Front

Panel)	No
Connectors (Back Panel)	1x 5-20 Duplex 6x XVT3 Female 1x Socapex 19 pins
Breakers	6x 20A 240V Circuits 1x 20A 120V Circuit

Features

Breaker Protector	No
--------------------------	----

Enclosure construction	Robust steel housing
-------------------------------	----------------------

Dimensions

Height	88.90 mm (3.50?) – 2RU
Depth	307.85 mm (12.12?)
Width	482.60 mm (19.00?)
