

FQ-100

High End Systems

#150100014 /
150100015

The FQ-100 performance fog generator is designed to meet the rigorous demands of the nightclub, theatrical and touring industries. This updated version of the industry standard F-100 fog generator produces any atmosphere - from dense fog to fine mist. The legendary Atmospheres Fog Generating fluid is specially formulated to provide a dense, safe, water-based fog of a fine particulate size. In addition to low noise levels ideal for theatrical and studio work, the FQ-100 also includes an internal LCD digital menu system providing the ability to set the volume control, timer control, and DMX functions as desired. The FQ-100 performance fog generator continues the tradition and benchmark set by the original F-100.

Weight and dimension

Weight: 15.5 kg (34 lb)
Size: 25.4" x 11.9" x 6.6"

Electrical

Power Consumption: 100 – 120 VAC 50/60 Hz
or 200-240 VAC 50/60 HZ
Rated Power: 1500 W maximum

Output

Fluid capacity: 9.5 liter (2.5 gal) fluid reservoir
Minimum Output: 566 m3 (20,000 ft3)

Warm-up Time: 11 min
Liquid Sensor: Optoelectronic with auto shutoff
Fluid Type: Water-based Atmospheres® fine particulate
fog generating fluid. HQ, Stage
