

Hoglet 4

Three Little Pigs

#61040064

The most compact Hog yet! The Hoglet 4 is a compact wing, designed for tight spaces and small productions such as clubs, churches and small concert venues. Combine the Hoglet 4 with Hog 4 PC and you are ready to rock! Even a seasoned Hog programmer will feel right at home on the Hoglet 4, as it has a programming surface similar to its larger brothers. Combine Hoglet 4, Hog 4 PC and a touchscreen and you have a proper, full-fledged lighting console with four DMX ports and four encoders built in. Hoglet 4 is also a great companion to the Rack Hog 4, as it makes operating a show in a confined space or programming fixed-installations a breeze.
