

SolaWash 2000

SolaWash Series

#H7010034

High-intensity output that can outperform even the most powerful arc-source instruments. Built for the largest lighting applications, the SolaWash 2000 luminaire is truly a wash light with no compromises. The fixture uses a 600W Bright White LED source, multiple color and effects systems, along with an incredibly versatile zoom range, resulting in revolutionary new lighting looks.
