

HDBaseT to HDMI Reversible Module

Theatrixx

#XVVRMHDBT2HDMI

The HDBaseT to HDMI Reversible Module fits in the 8-Bay Reversible Rackmount Converter system. The module can be inserted in the 8-Bay Frame in either direction, allowing the inputs/outputs to be positioned either at the front or the back of the unit depending on the application. There are no exposed PCBs as all modules are enclosed, and therefore protected against static shock, dust and general wear and tear. Gold-plated, redundant spring pins with magnetic retention deliver DC power to the modules, meaning no messy cabling and external power bricks are needed.

Connections

Video Input

1 x HDBaseT 1.0 on shielded EtherCON connector

Ethernet Port

1 x Gbps Ethernet on Neutrik EtherCON

Video Output

1 x HDMI 1.4 with locking system

**Recommended cable**

UTP CAT6a with EtherCON connectors

Supported Signals**Video Format Support**

HDMI 1.4

HDCP Support

HDCP 1.4

Ethernet Support

100 Mbps

Physical**Height**

121.5 mm (4.78 in)

Depth

225 mm (8.85 in)

Width

41 mm (1.61 in)

Weight

710 g (1.56 lbs)

Alternate Form Factor

Also available as a standalone converter

Environmental**Relative Humidity**

0% to 90% non-condensing

**Operating
Temperature**

0-40 °C

Power Requirements

Power Supply

Reversible redundant power fed by XVVRF8
(8-Bay Rackmount Frame)

Power Consumption

20W

Voltage Range

12VDC
