

AVC-16-10-11-DE

Hannay Reels

#13-17

Handheld and lightweight. A new frame style is now standard on AVC Series reels. With this flexible modular design, the carry handle and the frame legs can be easily replaced in the event of damage.

Features

Adjustable cam-lock drag brake.
Crank handle permanently attached to the disc.

Finish

Non-reflective black matte.

Twist ties

Equipped with one durable rubber twist tie for cable ends.
“DE” models equipped with two ties.

Optional

Ergonomic handle.
