

SolaWash 1000

SolaWash Series

#2570A1300

When used as an Ultra-Bright wash light with framing, a High CRI key light for face lighting or a wide and soft edge wash fixture, the SolaWash 1000 is designed to give designers a wide gamut of pure, even colors and a beautifully simple feature set. SolaWash 1000 is available in two versions; either with an Ultra-Bright engine producing 20,000 field lumens or a High CRI Engine featuring incredibly accurate color rendering. A TM-30 Filter boosts the Ultra-Bright engine to 85+ CRI.

Features

- White LED engine
