

# Mega-Truss Pick - DW 300mm

The Light Source

#MTP11.4375 /  
MTP11.4375B

Fits trussing with metric spaced truss cords. This Mega-Truss Pick is notched to fit under the diagonal bracing of this European style of truss. The Mega-Truss Pick is stronger than your truss. Always follow your truss manufacturer's specifications for loading your truss. Never overload your truss.
