

MC800DC

Theatrical

#CD-MC800DC

Built to withstand the daily hazards of touring, the MC800DC Theatrical Motor Power Distribution is made to minimize the technical back stage area by taking only three rackmount units. The front panel is cut from a thick 3/16" aluminum sheet and is fixed to a robust steel chassis with rear support. All circuit breakers are installed recessed with the addition of acrylic spacers for protection. This type of power distribution is designed for direct control motors. It offers 8 separate channels over 2 Socapex 19pins. LED indicators allow quick and easy system status reading It also features an automatic phase reverse correction system for seamless operation.

Input	Connector	50A California StyleInput (CS8375)
	Breaker	No
Outputs	Connectors	2x Socapex 19 pins

Features

Breakers	4x 16A 208V Breakers (High in Rush)
Control	Female VEAM 25 pins
Phase Reverse Correction	Automatic
Emergency Stop	Yes
Status Indicator	Yes
Enclosure construction	Robust steel housing

Dimensions

Height	133.35 mm (5.25?) – 3RU
Depth	513.00 mm (20.20?)
Width	482.60 mm (19.00?)
