

Temperature Control Tablet (8 inch)

TF900P

Display

Screen size	8.0"
Technology	IPS LCD
Resolution	800 x 1280 px
Alarm indicator	White, Red or Green LED tally light

Optical Camera

Resolution	2 Megapixels
Type	Binocular, wide dynamic camera
Aperture	F2.4
Focusing Distance	50-150 cm
White Balance	Automatic
Photo Flood Light	LED and IR dual illumination

Infrared Temperature sensor

Measurement Distance	0.5 - 1 meter
Measurement Time	< 1 second
Measurement accuracy	+/- 0.5C
Temperature range	10-42C
Resolution	32 x 32 pixels

Communications

Networking	1 x 10/100 Ethernet, Wi-Fi
Audio	2.5W Speaker
Alarm (GPO) output	1 channel relay (configurable NO or NC)
Ethernet	10/100 LAN

General

Enclosure Color	Anodized Aluminum
-----------------	-------------------

Consumption	13.5W (max)
Power Input	12V 1.5A
Operating environment	0-40C
Language	Multi-language
Mounting	Wall-mount, table-top or tripod

Dimensions

Size (W x D x H) including sensor	128mm x 275 mm 25 mm
-----------------------------------	----------------------

In the box

- Temperature control tablet
- Desktop stand
- Power supply
