

# xVision Converter Wall Mount Adapter

XVV-WM-B

DESIGNED & MANUFACTURED  
IN CANADA 🍁

Easily attach your xVision Converter to any wall or bulkhead. The adapter is mounted to the desired surface using 4 standard screws, and your converter magnetically sticks to the adapter's steel plate while a spring-loaded plunger securely retains it in place. Built-in retaining ridges allow to adapter to mounted in both horizontal or vertical orientations.

The Wall Mount Adapter is available for both of our xVision Converters standalone unit form factors.
